

CALEB ZWINGLI

I am a software developer with passion in full-stack software development . Following an enrollment to an online apprenticeship program I have honed my engineering skills and majorly works on the frontend side. I have dabbled in python and got some valuable insights in DevOps as well. Currently I am learning ES6 and Reactjs.

I am dedicated to crafting user-friendly and innovative applications and very committed to continuous learning. Let's collaborate on exciting projects in the vast world of software engineering

SKILLS AND PROFICIENCIES

- JavaScript, HTML, CSS, Reactjs, SQL, Git, GitHub, Ubuntu OS, servers, Python.
- Teamwork, multitasking, and attention to detail
- Software and web development, DevOps, shell scripts, Tech blogging.

LANGUAGES

- English (Fluent)
- Kiswahili (Good)

CERTIFICATIONS

- ALX-Holberton School Software Engineering.

WORK HISTORY

Software Engineer (Apprenticeship).

ALX Africa | September 2022 - November 2023

I am an apprentice here learning and building full-stack projects.

Software Developer Intern

World Agroforestry | Feb 2022 - April 2022

Worked with JavaScript frameworks; Svelte and React Native to build native mobile applications. I learned version control and proper code management skills with Git/GitHub and also grasped the art of documentation utilizing Markdown.

Tech Support Intern

Lake Basin Development Authority | Jan 2022 - Feb 2022

Here I learned about and handled computer systems, hardware and software. I delved into maintenance, software installations and doing updates. I did have my fair share of experience with computer networking as well, I did internet connectivity troubleshooting, I setup ethernet cables and did replacements as well.

EDUCATIONAL BACKGROUND

Bachelor of Science in Computer Science

St. Paul's University - Kenya | 2022

Graduated with Second-Class Upper Division
